

The Sonnentag Family (Tim, Billy and John) – Marathon, WI

Since 1986 when the Sonnentag family's County Materials formed its first open level fastpitch team, with sponsorship based on the principle of "Chemistry and Culture" and doing things right both on and off the field, the game of softball has benefitted. In addition to a commitment to excellence, the family has been true promoters and ambassadors of the game, locally, state-wide and internationally. While winning is important, winning with class is the true measure - a trait synonymous with the Sonnentag family.
